

RECOVERY & REPAIR

BPC-157

BPC-157 – 10 mg per vial – 10 vials per box

FOR RESEARCH USE ONLY (RUO). NOT FOR HUMAN OR VETERINARY USE.

IDENTIFICATION

CHEMICAL NAME	Body Protection Compound 157 (pentadecapeptide BPC 157)
SYNONYMS / ALIASES	BPC-157; PL-14736; PL 10; bepecin
CAS NUMBER	137525-51-0
MOLECULAR FORMULA	C62H98N16O22
MOLECULAR WEIGHT	Approximately 1419.5 g/mol
AMINO ACID SEQUENCE	GEPPPGKPADDAGLV (15 residues; H-Gly-Glu-Pro-Pro-Pro-Gly-Lys-Pro-Ala-Asp-Asp-Ala-Gly-Leu-Val-OH)
SOURCE	Synthetic (solid-phase peptide synthesis); parent sequence derived from a fragment of human gastric juice protein

PHYSICAL PROPERTIES

APPEARANCE	Lyophilized white to off-white powder
PURITY SPECIFICATION	>=99% by HPLC (confirm against batch COA)
CONTAINER	10 mg per vial, sealed glass vial, rubber-stoppered, aluminum crimp

STORAGE & HANDLING

UNRECONSTITUTED STORAGE	-20 C, protect from light and moisture
RECONSTITUTED STORAGE	2-8 C, stable approximately 28 days in bacteriostatic water
SUGGESTED RECONSTITUTION SOLVENT	Bacteriostatic water or sterile water (research use only)
SHELF LIFE (UNRECONSTITUTED, SEALED)	24 months at -20 C
STABILITY NOTES	BPC-157 is reported to be relatively acid-stable owing to its proline-rich structure. Avoid repeated freeze-thaw cycles.

STRUCTURAL NOTES

BPC-157 is a synthetic 15-amino-acid peptide (pentadecapeptide) whose sequence corresponds to a stable fragment of body protection compound (BPC), a protein isolated from human gastric juice. Its primary sequence is notably proline-rich (four prolines in the N-terminal region), which contributes to its conformational and proteolytic stability relative to many comparably sized peptides.

COMPLIANCE DISCLAIMER

This product is sold by Aligned Aminos for laboratory research use only (RUO). It is not a drug, dietary supplement, food, cosmetic, or medical device. It has not been approved by the FDA for any therapeutic, diagnostic, or preventative use. It is not intended for use in humans or animals, and may not be administered, ingested, applied, or otherwise introduced into any living organism. Purchasers represent that they are qualified researchers or laboratory professionals and assume full responsibility for compliance with all applicable laws and institutional review requirements governing the handling of research chemicals.

Batch-specific identity and purity are documented in the Certificate of Analysis (COA) issued for the lot.
