

COGNITION & MOOD

Semax + Selank

Semax + Selank (blend) – 20 mg per vial – 10 vials per box

FOR RESEARCH USE ONLY (RUO). NOT FOR HUMAN OR VETERINARY USE.

IDENTIFICATION

PRODUCT TYPE	Two-component synthetic peptide blend
COMPONENT 1	Semax (heptapeptide nootropic) — see [[semax]] for full identification
COMPONENT 2	Selank (anxiolytic peptide) — see [[selank]] for full identification
BLEND RATIO	Typically 10 mg Semax + 10 mg Selank per vial
CAS NUMBER	Semax 80714-61-0; Selank 129954-34-3
SOURCE	Synthetic (two separately synthesized peptides co-formulated)

PHYSICAL PROPERTIES

APPEARANCE	Lyophilized white to off-white powder
PURITY SPECIFICATION	Each component >=99% by HPLC (confirm against batch COA)
CONTAINER	20 mg per vial total peptide content, sealed glass vial, rubber-stoppered, aluminum crimp

STORAGE & HANDLING

UNRECONSTITUTED STORAGE	-20 C, protect from light and moisture
RECONSTITUTED STORAGE	2-8 C, stable approximately 28 days in bacteriostatic water
SUGGESTED RECONSTITUTION SOLVENT	Bacteriostatic water or sterile water (research use only)
SHELF LIFE (UNRECONSTITUTED, SEALED)	24 months at -20 C
STABILITY NOTES	Avoid repeated freeze-thaw cycles. Component mass ratio is fixed at formulation; do not assume equimolar unless stated on the batch COA.

COMPOSITIONAL NOTES

This product is a co-formulation of two separately synthesized peptides: semax, a heptapeptide studied in a nootropic research context, and selank, a peptide studied as an anxiolytic. The blend is supplied as a single lyophilized cake; the component mass ratio is defined at formulation and documented on the batch Certificate of Analysis. Refer to the individual component datasheets [[semax]] and [[selank]] for full identity and structural detail.

COMPLIANCE DISCLAIMER

This product is sold by Aligned Aminos for laboratory research use only (RUO). It is not a drug, dietary supplement, food, cosmetic, or medical device. It has not been approved by the FDA for any therapeutic, diagnostic, or preventative use. It is not intended for use in humans or animals, and may not be administered, ingested, applied, or otherwise introduced into any living organism. Purchasers represent that they are qualified researchers or laboratory professionals and assume full responsibility for compliance with all applicable laws and institutional review requirements governing the handling of research chemicals.

Batch-specific identity and purity are documented in the Certificate of Analysis (COA) issued for the lot.
